DANIELSON AND PUTNAM NEWS

DANIELSON

Side Asked For Construction of 2,500 Feet of Roadway in Main Street—Paul Swaffield to Teach Science at Killingly High School—Civil Case Before Town Court.

On Monday First Selectman John Gilbert received from State Highway Commissioner Charles J. Bennett a copy of a circular letter asking for bids for the construction of sections of state roads in various parts of Connecticut. The list includes 1,500 feet on Main street in Danielson, this being the approximate distance from the Congregational church at the corner of Main and Burdett streets to the bridge over the Assawaugus river on Main street.

All bids for doing this work are to be in the office of the state highway commissioner by Aug. 16, and the terms of the contract are that the man who receives it must begin construction work within ten days after receiving orders to do so. It is assumed here that such orders will not be long in coming, as the work probably will be finished before cold weather.

The bids must be for building concrete sidewalks, and for the widening of the road to 24 feet.

Doyle-Grimes.

At St. Joseph's church in Dayville Monday evening, August 2, a wedding was celebrated between Miss Grimes, whose home is in Pomfret, but who has been employed here, and John Doyle of Dayville.

The bride was given away by her father, Rev. Ignatius Kost. The attending couple was Miss Agnes Grimes, sister of the bride, and Henry Dubois of Danielson.

To Teach at Killingly High.

Paul Swaffield, brother of Rev. W. D. Swaffield, has been elected a member of the board of the Killingly High school and will teach history and some of the sciences.

Mr. Swaffield is a fine athlete and has been a member of the team in school athletics as an incident of his work at the local institution.

Fined for Stealing Milk.

Hazel Ishmael was before Judge W. F. Woodward in the town court Monday morning to face a charge of having stolen a can containing eight quarts of milk from the house of a resident of Killingly.

He is charged with stealing the milk, not guilty to resisting the officer, though the court found him guilty on this charge. The fine on the charge was \$5, on the basis of \$2.50 the costs bringing the total that Ishmael paid for his release up to \$21.04.

Claims Work Unsatisfactory.

One of the few civil cases heard in the town court of Killingly was tried out before Judge W. F. Woodward Monday forenoon. It was one in which the plaintiff, William Briere, of Dayville, sought to recover the sum of \$15.00 from M. Goldwater of this town.

Goldwater's automobile delivery vehicle after it had been damaged in a collision with another machine near the building in Dayville.

Goldwater, represented by Attorney Charles L. Torrey of Putnam, claimed that the work done by Mr. Briere was unsatisfactory and that he afterwards had to take the machine to a Putnam garage, where it was repaired.

Woodward found in favor of Mr. Briere. Attorney Torrey filed an appeal to the superior court.

TO REDUCE BOARD OF SELECTMEN.

Killingly to Have Three Instead of Five—Board of Relief Likewise Affected.

Killingly's board of selectmen, through the operation of a law enacted at the last session of the general assembly, will be reduced from five to three members this fall. This is an end for which various parties have striven at various times through past years, but never with success in this town, one of the few of the 167 towns of Connecticut that have found it necessary to maintain a board of more than three members.

Likewise the board of relief will be reduced from five to three members, though in this case there is a difference as to the method of providing for succession. This year three members of the board of relief are to be elected, one for one year, one for two years, one for three years. In years to come only one member of the board of relief will be elected each year, to serve a term of three years.

The act under which the board of selectmen will be reduced is chapter 197, public acts of 1915, providing that in towns having
